PROFESSIONAL SUMMARY

Junior Full Stack Developer with a Bachelor's degree in Information Systems and hands-on experience building web applications using React.js, Node.js, TypeScript, and AWS services. Involved in projects covering RESTful APIs, Serverless architecture, and Docker-based containerization, as well as frontend deliveries for real clients. AWS Certified Developer Associate and AWS Cloud Practitioner. Advanced English speaker (C1 – CEFR), seeking a position in an agile development team to contribute with commitment, continuous learning, and quality-driven delivery.

EDUCATION

Bachelor's Degree in Information Systems

Jan 2021 – Dec 2024

UNINOVE – São Paulo, Brazil

PROJECTS & RELEVANT EXPERIENCE

Lead Generation Landing Page

Freelance – Frontend Developer | 2025

- Built a single-page landing page with Next.js for an independent professional, focused on clear service presentation and easy visitor contact;
- Integrated a contact form using EmailJS, allowing the client to receive messages directly in their inbox without requiring a custom back-end;
- Delivered the project with basic content update guidelines, enabling the client to manage copy independently after handoff.

Institutional Website for Local Business

Freelance – Full Stack Developer | 2023

- Developed a complete web application for a local service business, with a React.js front-end and a Node.js/Express back-end exposing REST endpoints consumed by the interface;
- Designed and integrated a PostgreSQL database to store contact form submissions, with server-side data validation and structured query handling;
- Deployed the application to a cloud environment, configuring environment variables and ensuring consistency between development and production.

Data Pipeline Integration

Personal Project – Full Stack Developer | 2024

- Built a back-end focused study project using Node.js and TypeScript, developing RESTful APIs for data consumption and transformation between simulated services;
- Designed a relational database schema with PostgreSQL, practicing table modeling, relationships, and query optimization;
- Configured a Dockerized development environment and practiced basic CI/CD concepts using GitHub Actions.

Urban Routes Platform

Escola da Nuvem – Final Project | 2025

- Developed the final project of the Escola da Nuvem program as part of a multidisciplinary team, building a Serverless application using AWS Lambda, DynamoDB, and API Gateway;
- Contributed to the integration with Amazon Bedrock for urban traffic data analysis, exploring AI capabilities within the AWS ecosystem;
- Participated in all stages of the development cycle — from requirements gathering to cloud deployment — applying AWS Well-Architected Framework principles.

TECHNICAL SKILLS

- Front-End:** React.js, Next.js, HTML5, CSS3, JavaScript, and TypeScript.
- Back-End:** Node.js, RESTful APIs, TypeScript, Java, Spring Boot, Redis, and basic GraphQL.
- Databases:** PostgreSQL, MySQL, MongoDB, and DynamoDB (AWS).

- **AWS Cloud:** AWS Lambda, S3, EC2, DynamoDB, API Gateway, IAM, Amazon Bedrock, and AWS SAM.
- **DevOps & Tools:** Docker, Git, GitHub, CI/CD, JWT, asynchronous processing, and basic Terraform.
- **Best Practices:** Clean Code, SOLID principles, Serverless architecture, and microservices.
- **ERP:** Basic knowledge of ABAP SAP.

SOFT SKILLS

Continuous Learning • Problem Solving • Teamwork • Proactivity • Adaptability & Resilience • Critical Thinking • Effective Communication • Time Management • Results-Oriented

LANGUAGES

- Portuguese: Native
- English: Advanced (C1 – CEFR)
- Spanish: Basic (A2 – CEFR)

CERTIFICATIONS & TRAINING

- AWS Certified Developer Associate – Amazon Web Services (2025)
- AWS Certified Cloud Practitioner – Amazon Web Services (2025)
- Oracle Cloud Infrastructure Foundations – Oracle (2025)
- Scrum Master Professional Certificate – CertiProf (2023)
- Scrum Foundation Professional Certificate – CertiProf (2023)
- Escola da Nuvem: AWS & Artificial Intelligence – 270 hours (2025)
- Oracle Next One – Full Stack Development Program – Oracle & Alura (2025)
